Headshot upload: Upload a high-quality professional headshot.

Nomination Questions

Why are you a strong fit for the Professional Excellence Award? Please describe your professional role, area of expertise and how your work supports the growth and development of Australia's digital economy. (200 words max)

What have you led, achieved or materially contributed during the awards period? Please include relevant achievements such as client work, advisory engagements, legal matters, audits, insurance solutions, governance frameworks, compliance projects, risk management, policy engagement, professional guidance, transactions, education, industry collaboration or other major contributions. (300 words max)

What impact has your professional work had on clients, industry or Australia's digital economy? Please summarise the outcomes your work has helped deliver. This may include improved regulatory readiness, stronger governance, risk reduction, customer protection, business growth, market access, investment, dispute resolution, improved professional standards, client outcomes, policy influence, industry education or broader ecosystem contribution. (300 words max)

How have you demonstrated professional excellence, leadership and future potential? Please describe what makes your contribution distinctive, including your specialist expertise, judgement, integrity, leadership, trust, innovation, collaboration, industry reputation, ethical standards, mentorship, thought leadership or ongoing contribution to Australia's digital economy. (200 words max)
