Nomination Questions

Why is your business a strong fit for the Digital Finance, Banking & Payments Award? Please describe your banking, payments, digital finance or financial market infrastructure solution, the customers or institutions it serves and how it contributes to innovation in Australia's financial system. (200 words max)

What has your business built, launched or materially improved during the awards period?

Please include relevant delivery milestones such as product launches, platform improvements, payment capabilities, banking integrations, customer onboarding, market infrastructure development, transaction capability, compliance enhancements, operational improvements, partnerships or other major progress. (300 words max)

What impact has your business had on customers, institutions, markets or Australia's financial system?

Please summarise the outcomes your business has delivered. This may include improved payment speed, access, reliability, efficiency, market participation, customer experience, financial inclusion, risk management, compliance readiness, transaction volume, adoption, cost reduction, operational resilience or other measurable results. (300 words max)

How has your business demonstrated innovation, leadership, trust and future potential in digital finance, banking or payments?

Please describe what makes your approach distinctive, including any use of technology, infrastructure, data, digital assets, automation, interoperability, service design, governance, security, regulatory engagement, partnerships, market leadership or future roadmap. (200 words max)
